**CERCLA SECTION 122(g)(4) DE MINIMIS CONTRIBUTOR
ADMINISTRATIVE ORDER ON CONSENT**

IN THE MATTER OF:)	U.S. EPA Docket No.
JACK GOINS WASTE OIL)	CER-04-2002-3761
SUPERFUND SITE)	
)	
CLEVELAND, BRADLEY COUNTY,)	ADMINISTRATIVE ORDER
TENNESSEE)	ON CONSENT
)	
)	Proceeding under Section 122(g)(4) of the
)	Comprehensive Environmental
)	Response, Compensation, and
)	Liability Act of 1980, as amended,
)	42 U.S.C. 9622(g)(4)
)	

I. JURISDICTION

1. This Administrative Order on Consent ("Consent Order" or "Order") is issued pursuant to the authority vested in the President of the United States by Section 122(g)(4) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), 42 U.S.C. § 9622(g)(4), to reach settlements in actions under Section 106 or 107 of CERCLA, 42 U.S.C. §§ 9606 or 9607. The authority vested in the President has been delegated to the Administrator of the United States Environmental Protection Agency ("EPA") by Executive Order 12580, 52 Fed. Reg. 2923 (Jan. 29, 1987). This authority has been further delegated to the Regional Administrators of the EPA, and then redelegated through the Director of the Waste Management Division, to the Chief of the CERCLA Program Services Branch by EPA Delegation No. 14-14-E. This Agreement also is entered into pursuant to the authority of the Attorney General of the United States Department of Justice ("DOJ") to compromise and settle claims of the United States.

2. This Administrative Order on Consent is issued to the persons, corporations, or other entities identified in Appendix A ("Respondents") and Appendix B (Settling Federal Agencies). Each Respondent and Settling Federal Agency agrees to undertake all actions required by this Consent Order. Each Respondent and Settling Federal Agency further consents to and will not contest EPA's jurisdiction to issue this Consent Order or to implement or enforce its terms.

3. EPA, Respondents and Settling Federal Agencies agree that the actions undertaken by Respondents and Settling Federal Agencies in accordance with this Consent Order do not constitute an admission of any liability by any Respondent or any Settling Federal Agency. Respondents and Settling Federal Agencies do not admit, and retain the right to controvert in any subsequent proceedings other than proceedings to implement or enforce this Consent Order, the

validity of the Statement of Facts or Determinations contained in Sections IV and V, respectively, of this Consent Order.

II. STATEMENT OF PURPOSE

4. By entering into this Consent Order, the mutual objectives of the Parties are:

a. to reach a final settlement among the Parties with respect to the Site pursuant to Section 122(g) of CERCLA, 42 U.S.C. § 9622(g), that allows Respondents and Settling Federal Agencies to make a cash payment, including a premium, to resolve their alleged civil liability under Sections 106 and 107 of CERCLA, 42 U.S.C. §§ 9606 and 9607, for response costs incurred and to be incurred at or in connection with the Site, thereby reducing litigation relating to the Site;

b. to simplify any remaining administrative and judicial enforcement activities concerning the Site by eliminating a substantial number of potentially responsible parties from further involvement at the Site; and

c. to obtain settlement with Respondents and Settling Federal Agencies for their fair share of response costs incurred and to be incurred at or in connection with the Site by the EPA Hazardous Substance Superfund, and by private parties, and to provide for full and complete contribution protection for Respondents and Settling Federal Agencies with regard to the Site pursuant to Sections 113(f)(2) and 122(g)(5) of CERCLA, 42 U.S.C. §§ 9613(f)(2) and 9622(g)(5).

III. DEFINITIONS

5. Unless otherwise expressly provided herein, terms used in this Consent Order that are defined in CERCLA or in regulations promulgated under CERCLA shall have the meaning assigned to them in the statute or regulations. Whenever the terms listed below are used in this Consent Order, the following definitions shall apply:

a. "CERCLA" shall mean the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, 42 U.S.C. § 9601, et seq.

b. "Consent Order" or "Order" shall mean this Administrative Order on Consent and all appendices attached hereto. In the event of conflict between this Order and any appendix, the Order shall control.

c. "Day" shall mean a calendar day. In computing any period of time under this Consent Decree, where the last day would fall on a Saturday, Sunday, or federal holiday, the period shall run until the close of business of the next working day.

d. "EPA" shall mean the United States Environmental Protection Agency and any successor departments, agencies or instrumentalities.

e. "EPA Hazardous Substance Superfund" shall mean the Hazardous Substance Superfund established by the Internal Revenue Code, 26 U.S.C. § 9507.

f. "Interest" shall mean interest at the current rate specified for interest on investments of the EPA Hazardous Substance Superfund established by 26 U.S.C. § 9507, compounded annually on October 1 of each year, in accordance with 42 U.S.C. § 9607(a).

g. "Paragraph" shall mean a portion of this Consent Order identified by an arabic numeral.

h. "Parties" shall mean EPA, the Respondents and Settling Federal Agencies.

i. "Respondents" shall mean those persons, corporations, or other entities listed in Appendix A.

j. "Response costs" shall mean all costs of "response" as that term is defined by Section 101(25) of CERCLA, 42 U.S.C. § 9601(25).

k. "Section" shall mean a portion of this Consent Order identified by a roman numeral.

l. "Settling Federal Agencies" shall mean those departments, agencies, and instrumentalities of the United States identified in Appendix B.

m. "Site" shall mean the Jack Goins Waste Oil Superfund Site ("Site"), which consists of approximately 6,100 square feet of land located in a light industrial area of northeast Cleveland, Bradley County, Tennessee. The Site encompasses the areal extent of all groundwater, sediment and soil contamination originating and emanating from the Jack Goins Waste Oil property.

n. "United States" shall mean the United States of America, including its departments, agencies and instrumentalities, which includes without limitation EPA, Settling Federal Agencies and any federal natural resource trustee.

IV. STATEMENT OF FACTS

6. This Agreement concerns the Jack Goins Waste Oil Superfund Site ("Site"), which consists of approximately 6,100 square feet of land located in a light industrial area of northeast Cleveland, Bradley County, Tennessee. The Site encompasses the areal extent of all groundwater, sediment and soil contamination originating and emanating from the Jack Goins Waste Oil property.

7. Between 1985 and 1999, Goins Waste Oil Company, Inc. ("Goins"), operated an oil collection and recycling facility at the Site in Cleveland, Tennessee. Goins operated multiple trucks for receiving and delivering waste oil shipments. Facility activities included transportation and off-loading of underground storage tanks ("USTs") used to store the waste oil and the draining of oil filters. Goins picked up the filters from off-site sources, drained the filters at the Site, and shipped the drained filters (uncrushed) to one or more sanitary landfills. Goins also directly marketed recycled oil to consumers for burning.

8. In response to the release of hazardous substances at or from the Site, and pursuant to Section 106 of CERCLA, 42 U.S.C. § 9606 and 40 C.F.R. § 300.415, on January 14, 1999, the Emergency Response and Removal Branch inspected the Site and found that the secondary containment structure surrounding 11 above ground storage tanks ("ASTs") were full of waste oil. During this inspection, EPA determined that Goins was in violation of federal environmental laws and regulations. On February 10, 1999, EPA returned to the Site and found approximately 5,000 gallons of waste oil leaking from the tanks with an unknown amount of waste oil flowing into a drainage ditch adjacent to a creek. EPA pumped the waste oil from the secondary containment area into a temporary storage tank and stabilized the Site.

EPA took samples which indicated the presence of volatile organic compounds, PCBs, pesticides, metals, and cyanide. EPA observed other contamination including significant amounts of oil on the ground in the area surrounding the storage tanks, the pump house, and the two oil/water separators. EPA found that the ASTs were overgrown with vegetation and that the walkways over the ASTs were rotten or broken so that only one AST was accessible for sampling using a ladder.

As a result of the contamination at the Site, EPA conducted extensive removal activities which included: emptying the tanks of waste oil; shipping the waste oil to an approved offsite disposal facility; decontaminating and disposing of the tanks; sampling and then removing numerous 55 gallon drums filled with wastes, some containing PCBs; creating a berm to divert stormwater from the containment area; removing contaminated soils, including excavating the ditch adjacent to the creek; backfilling these areas with clean fill; and grading the Site. EPA then removed all temporary structures and erected a fence bordering the entire Site. Overall, EPA removed approximately 120,000 gallons of waste oil contaminated with hazardous substances.

9. In performing these actions, the EPA incurred costs of "response" as that term is defined by Section 101(25) of CERCLA, 42 U.S.C. § 9601(25) and herein referred to as "response costs." To date, EPA has spent approximately \$1,103,299.76 at this Site.

10. EPA has identified over 800 potentially responsible parties who may be liable for cleanup of the Site in accordance with Section 107(a) of CERCLA, 42 U.S.C. § 9607(a).

11. Each Respondent and Settling Federal Agency has been allocated a certain volume of hazardous substances, based on transaction documents involving each Respondent and Settling

Federal Agency.

12. EPA alleges that Respondents and Settling Federal Agencies are responsible parties pursuant to Section 107(a) of CERCLA, 42 U.S.C. § 9607(a), and are jointly and severally liable for response costs incurred at the Site.

13. Each Respondent listed on Appendix A and each Settling Federal Agency listed on Appendix B arranged for disposal or treatment, or arranged with a transporter for transport for disposal or treatment, of a hazardous substance owned or possessed by such Respondent or Settling Federal Agency, by any other person or entity, at the Site, or accepted a hazardous substance for transport to the Site which was selected by such Respondent or Settling Federal Agency.

14. The amount of hazardous substances contributed to the Site by each Respondent and Settling Federal Agency does not exceed 1% of the hazardous substances at the Site, and the hazardous substances contributed by each Respondent and each Settling Federal Agency to the Site are not significantly more toxic or of significantly greater hazardous effect than other hazardous substances at the Site.

15. EPA estimates that the total response costs incurred and to be incurred at or in connection with the Site by the EPA Hazardous Substance Superfund is \$1,103,299.76. The payment required to be made by each Respondent and each Settling Federal Agency pursuant to this Consent Order is a minor portion of this total amount.

V. DETERMINATIONS

16. Based upon the Statement of Facts set forth above and on the administrative record for this Site, EPA has determined that:

a. The Jack Goins Waste Oil Site is a "facility" as that term is defined in Section 101(9) of CERCLA, 42 U.S.C. § 9601(9).

b. Each Respondent and each Settling Federal Agency is a "person" as that term is defined in Section 101(21) of CERCLA, 42 U.S.C. § 9601(21).

c. Each Respondent and each Settling Federal Agency is a "potentially responsible party" within the meaning of Section 122(g)(1) of CERCLA, 42 U.S.C. § 9622(g)(1).

d. There has been an actual or threatened "release" of a "hazardous substance" from the Site as those terms are defined in Section 101(22) and (14) of CERCLA, 42 U.S.C. § 9601(22) and (14).

e. The actual or threatened "release" caused the incurrence of response costs.

f. Prompt settlement with each Respondent and each Settling Federal Agency is practicable and in the public interest within the meaning of Section 122(g)(1) of CERCLA, 42 U.S.C. § 9622(g)(1).

g. As to each Respondent and each Settling Federal Agency, this Consent Order involves only a minor portion of the response costs at the Site within the meaning of Section 122(g)(1) of CERCLA, 42 U.S.C. § 9622(g)(1).

h. The amount of hazardous substances contributed to the Site by each Respondent and each Settling Federal Agency and the toxic or other hazardous effects of the hazardous substances contributed to the Site by each Respondent and each Settling Federal Agency are minimal in comparison to other hazardous substances at the Site within the meaning of Section 122(g)(1)(A) of CERCLA, 42 U.S.C. § 9622(g)(1)(A).

VI. ORDER

17. Based upon the administrative record for the Site and the Statement of Facts and Determinations set forth above, and in consideration of the promises and covenants set forth herein, the following is hereby AGREED TO AND ORDERED:

VII. PAYMENT

18. Within 30 days of the effective date of this Consent Order, each Respondent shall pay to the EPA Hazardous Substance Superfund the amount set forth in the Cost Matrix which is attached to this Consent Order as Appendix C. As soon as reasonably practicable after the effective date of this Consent Order, the United States, on behalf of the Settling Federal Agencies, shall pay to the EPA Hazardous Substance Superfund the amount set forth in Appendix B, which is \$3034.45.

The parties to this Order recognize and acknowledge that the payment obligations of the Settling Federal Agencies under this Order can only be paid from appropriated funds legally available for such purpose. Nothing in this Order shall be interpreted or construed as a commitment or requirement that any Settling Federal Agency obligate or pay funds in contravention of the Anti-Deficiency Act, 31 U.S.C. § 1341, or any other applicable provision of law.

19. Each Respondent's payment and Settling Federal Agencies' payment includes an amount for: a) past response costs incurred at or in connection with the Site; b) projected future response costs to be incurred at or in connection with the Site; and c) a premium to cover the risks and uncertainties associated with this settlement, including but not limited to, the risk that total response costs incurred or to be incurred at or in connection with the Site by the EPA Hazardous Substance Superfund, or by any private party, will exceed the estimated total response costs upon which each Respondent's and Settling Federal Agencies' payments are based.

AFTER THIS AGREEMENT IS FINALIZED BY EPA PURSUANT TO SECTIONS XVI AND XVII, PARAGRAPHS 36 AND 37, EPA WILL SEND A WRITTEN NOTICE TO THE RESPONDENTS WHICH WILL NOTIFY THEM OF THE ADDRESS WHERE PAYMENT MUST BE SENT AND THE FORM OF PAYMENT. EACH RESPONDENT'S PAYMENT IS DUE WITHIN THIRTY (30) DAYS AFTER THE DATE OF EPA'S WRITTEN NOTICE.

VIII. FAILURE TO MAKE PAYMENT

20. If any Respondent fails to make full payment within the time required by Paragraph 18, that Respondent shall pay Interest on the unpaid balance. In addition, if any Respondent fails to make full payment as required by Paragraph 18, the United States may, in addition to any other available remedies or sanctions, bring an action against that Respondent seeking injunctive relief to compel payment and/or seeking civil penalties under Section 122(l) of CERCLA, 42 U.S.C. § 9622(l), for failure to make timely payment.

IX. CERTIFICATION OF RESPONDENTS AND SETTLING FEDERAL AGENCIES

21. By signing this Consent Order, each Respondent certifies, individually, that, to the best of its knowledge and belief, it has:

a. conducted a thorough, comprehensive, good faith search for documents, and has fully and accurately disclosed to EPA, all information currently in its possession, or in the possession of its officers, directors, employees, contractors or agents, which relates in any way to the ownership, operation, or control of the Site, or to the ownership, possession, generation, treatment, transportation, storage or disposal of a hazardous substance, pollutant, or contaminant at or in connection with the Site;

b. not altered, mutilated, discarded, destroyed or otherwise disposed of any records, documents, or other information relating to its potential liability regarding the Site after notification of potential liability or the filing of a suit against it regarding the Site; and

c. fully complied with any and all EPA requests for information regarding the Site pursuant to Sections 104(e) and 122(e) of CERCLA, 42 U.S.C. §§ 9604(e) and 9622(e).

22. The United States acknowledges that each Settling Federal Agency: 1) is subject to all applicable Federal record retention laws, regulations, and policies; and 2) has certified that it has fully complied with any and all EPA requests for information pursuant to Section 104(e) of CERCLA, 42 U.S.C. § 9604(e).

X. COVENANT NOT TO SUE BY UNITED STATES

23. In consideration of the payments that will be made by Respondents under the terms of this Consent Order, and except as specifically provided in Section XI (Reservations of Rights by United States), the United States covenants not to sue or take administrative action against any of the Respondents pursuant to Sections 106 or 107 of CERCLA, 42 U.S.C. §§ 9606 or 9607, relating to the Site. With respect to present and future liability, this covenant not to sue shall take effect for each Respondent upon receipt of that Respondent's payment as required by Section VII. With respect to each Respondent, individually, this covenant not to sue is conditioned upon:

a) the satisfactory performance by Respondent of all obligations under this Consent Order; and

b) the veracity of the information provided to EPA by Respondent relating to Respondent's involvement with the Site. This covenant not to sue extends only to Respondents and does not extend to any other person.

24. In consideration of the payments that will be made by Settling Federal Agencies under the terms of this Consent Order, except as specifically provided in Paragraph 25, EPA covenants not to take administrative action against Settling Federal Agencies pursuant to Sections 106 or 107 of CERCLA, 42 U.S.C. §§ 9606 or 9607, relating to matters addressed by this Consent Order. This covenant shall take effect upon receipt of Settling Federal Agencies' payment, as required by Section VII. This covenant is conditioned upon the satisfactory performance by Settling Federal Agencies of their obligations under this Consent Order. This covenant extends only to Settling Federal Agencies and does not extend to any other person.

XI. RESERVATIONS OF RIGHTS BY UNITED STATES

25. The covenant not to sue by the United States set forth in Paragraphs 23 and 24 does not pertain to any matters other than those expressly specified in Paragraphs 23 and 24. The United States reserves, and this Consent Order is without prejudice to, all rights against Respondents and Settling Federal Agencies with respect to all other matters including, but not limited to:

a. liability for failure to meet a requirement of this Consent Order;

b. criminal liability;

c. liability for damages for injury to, destruction of, or loss of natural resources, and for the costs of any natural resource damage assessments; or

d. liability arising from any future arrangement for disposal or treatment of a hazardous substance, pollutant or contaminant at the Site after the effective date of this Consent Order.

26. Notwithstanding any other provision in this Consent Order, the United States reserves, and this Consent Order is without prejudice to, the right to institute judicial or administrative proceedings against any individual Respondent or to institute administrative proceedings against any Settling Federal Agency seeking to compel that Respondent or Settling Federal Agency to perform response actions relating to the Site, and/or to reimburse the United States for additional costs of response, if information is discovered which indicates that such Respondent or Settling Federal Agency contributed hazardous substances to the Site in such greater amount or of such greater toxic or other hazardous effects that such Respondent or Settling Federal Agency no longer qualifies as a de minimis party at the Site because such Respondent or Settling Federal Agency contributed greater than 1% of the hazardous substances at the Site, or contributed hazardous substances which are significantly more toxic or are of significantly greater hazardous effect than other hazardous substances at the Site.

XII. COVENANT BY RESPONDENTS AND SETTLING FEDERAL AGENCIES

27. Respondents covenant not to sue and agree not to assert any claims or causes of action against the United States or its contractors or employees with respect to the Site or this Consent Order including, but not limited to:

a. any direct or indirect claim for reimbursement from the EPA Hazardous Substance Superfund based on Sections 106(b)(2), 107, 111, 112, or 113 of CERCLA, 42 U.S.C. §§ 9606(b)(2), 9607, 9611, 9612, or 9613, or any other provision of law;

b. any claims arising out of response activities at the Site; and

c. any claim against the United States pursuant to Sections 107 and 113 of CERCLA, 42 U.S.C. §§ 9607 and 9613, relating to the Site.

28. Nothing in this Consent Order shall be deemed to constitute preauthorization or approval of a claim within the meaning of Section 111 of CERCLA, 42 U.S.C. § 9611, or 40 C.F.R. 300.700(d).

29. Respondents covenant not to sue and agree not to assert any claims or causes of action against each other with regard to the Site pursuant to Sections 107 and 113 of CERCLA, 42 U.S.C. §§ 9607 and 9613.

30. Settling Federal Agencies hereby agree not to assert any direct or indirect claim for reimbursement from the Hazardous Substance Superfund (established pursuant to the Internal Revenue Code, 26 U.S.C. § 9507) through CERCLA §§ 9606(b)(2), 9607, 9611, 9612, 9613, or any other provision of law with respect to matters addressed at the Site.

XIII. EFFECT OF SETTLEMENT/CONTRIBUTION PROTECTION

31. Nothing in this Consent Order shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Consent Order. The United States and Respondents each reserve any and all rights (including, but not limited to, any right to contribution), defenses, claims, demands, and causes of action which each Party may have with respect to any matter, transaction, or occurrence relating in any way to the Site against any person not a Party hereto.

32. In any subsequent administrative or judicial proceeding initiated by the United States for injunctive relief, recovery of response-costs, or other relief relating to the Site, Respondents shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised in the subsequent proceeding were or should have been brought in the instant action; provided, however, that nothing in this Paragraph affects the enforceability of the covenant not to sue included in Paragraph 23.

33. The Parties agree that each Respondent and Settling Federal Agency is entitled, as of the effective date of this Consent Order, to protection from contribution actions or claims as provided by Sections 113(f)(2) and 122(g)(5) of CERCLA, 42 U.S.C. §§ 9613(f)(2) and 9622(g)(5), for "matters addressed" in this Consent Order. The "matters addressed" in this Consent Order are all response actions taken by the United States and by private parties, and all response costs incurred and to be incurred by the United States and by private parties, at or in connection with the Site. Such protection with respect to each Respondent or Settling Federal Agency is conditioned upon that Respondent's or Settling Federal Agency's compliance with the requirements of this Consent Order.

XIV. PARTIES BOUND

34. This Consent Order shall apply to and be binding upon EPA, Settling Federal Agencies, and upon Respondents and their heirs, successors, and assigns. Any change in ownership or corporate or other legal status of a Respondent, including but not limited to, any transfer of assets or real or personal property, shall in no way alter such Respondent's responsibilities under this Consent Order. Each signatory to this Consent Order certifies that he or she is authorized to enter into the terms and conditions of this Consent Order and to execute and bind legally the party represented by him or her.

XV. INTEGRATION/APPENDICES

35. This Consent Order and its appendices constitute the final, complete and exclusive agreement and understanding among the Parties with respect to the settlement embodied in this Consent Order. The Parties acknowledge that there are no representations, agreements or understandings relating to the settlement other than those expressly contained in this Consent

Order. The following appendices are attached to and incorporated into this Consent Order:

"Appendix A" is the list of Respondents.

"Appendix B" is the list of Settling Federal Agencies.

"Appendix C" is the Cost Matrix.

XVI. PUBLIC COMMENT

36. This Consent Order shall be subject to a public comment period of not less than 30 days pursuant to Section 122(i) of CERCLA, 42 U.S.C. § 9622(i). In accordance with Section 122(i)(3) of CERCLA, 42 U.S.C. § 9622(i)(3), EPA may withdraw or withhold its consent to this Consent Order if comments received disclose facts or considerations which indicate that this Consent Order is inappropriate, improper, or inadequate.

XVII. ATTORNEY GENERAL APPROVAL

37. The Attorney General or his designee has approved the settlement embodied in this Consent Order in accordance with Section 122(g)(4) of CERCLA, 42 U.S.C. § 9622(g)(4).

XVIII. EFFECTIVE DATE

38. The effective date of this Consent Order shall be the date upon which EPA issues written notice to Respondents that the public comment period pursuant to Paragraph 36 has closed and that comments received, if any, do not require modification of or EPA withdrawal from this Consent Order.

SIRS. I HAVE BEEN IN BUSINESS
 FOR 32 YRS. THIS IS THE MOST
 INJUSTICE BILL I HAVE EVER
 HAD TO PAY. THE EPA SHOULD
 HAVE TOLD US NOT TO USE JACK GOINS
 AND I WOULD HAVE STOPPED IMMEDIATELY
 SCRAP TIRE PEOPLE SENT US A LETTER
 TO STOP USING A CARRIER AND I PUT
 THAT CO. THEY DONE THEIR JOB.
 WE DID NOT HAVE ANY WAY OF KNOWING
 ABOUT THIS INERACTION. IF YOU CAN
 LIVE WITH THIS BAD CALL I GUESS
 I CAN LIVE WITHOUT THIS \$473.78.
 MAY GOD BLESS YOU FOR
 THIS INJUSTICE TO US
